NEW ORLEANS, Dec. 29 .- Anothe spell of wet weather set in Sunday The rain has been falling steadily ever since. It came down in torrents during the races this afternoon The horses swung to the outside of the course and it was the old story of the path ever again. Form cut no figure in the racing. The horse that drew a poally managed to win.

Secretary Clark had prepared a nice

Clark Ball, the manager of Jeff and Fitz, is doing his best to keep th game going, but he is undergoing repairs for an upper-cut Fitz handed him in an argument, and at the same time he is trying to patch up Jeffries's badly shattered heart, which was dealt a knock-out blow by one of the De Moyer sisters, a dance-hall artiste, here.

Jeffries objects to the healing process formances on account of the woman with whom he is very badly smitten. In an argument over the matter Ball ralled Fitz a liar and got the punch which knocked him out in return.

Munroe is also a sore point for both Jeff and Fitz. The fighters do not want him in the combination, while Ball insists that he must go on as an attraction. The show will probably break up in a big row before long.

## JOHNSON'S TEAM.

Kilfoyle Here, Talking Baseball, Says Grounds Will Accomedate 30,000 Fans.

While the baseball public is awaiting he result of the conference between the Peace Committee of the National and American leagues, which will be called to order in Cincinnati a week from today, the Johnsonites are continuing to keep an interest in their proposed invasion of New York. James F. Kilfoyle, one of the chief promoters of the proposed club, is in this city, and accord-ing to him his mission is to fix up all the details for the building of his New York club's grand stand. That is already done, he says, and according to his word the grounds the American have secured will be big enough to accommodate 30,000 people.

"Our grand stand," he said "will be a horseshoe in shape, and a double-decker. The seating capacity will be decker. The seating capacity will be 7,500. The bleacheries will hold 11,000. We have not as yet made any arrangements for the 25-cent seats, but we look to make accommodations for about 5,000. "Tom Loftus will not be connected with the club. He has been unable to break away from the Washington club, and so Clark Griffith will have charge of the new club. He will call his men together next March, and all hands will go South to begin the spring training. We do not expect any man signed will fail to report.

#### Johnsonites Break Word?

The invasion of Pittsburg by the American League is thought to be a American League is thought to be a great aim of the Johnsonites. Despite the peace negotiations now pending the Americans are doing all they can to launch a team in the Smoky City, and by basepall critics the move is considered a violation of the truce between the two leagues. The latest news says that owing to the impossibility to secure the transfer of the Detroit franchise to Pittsburg Washington's playing permit will be given over to the Pittsburgers. Corroboration of that report is not to be had, but if the Johnsonites insist on getting into Dreyfuss's stronghold it is regarded as sure that Washington will be the club which will lose.

Don't Sound Right Any Way.

Don't Sound Right Any Way. One thing which makes the invasion

of New York by the Americans appear like a whole lot of smoke is the reported like a whole lot of smoke is the reported promise of Ban Johnson to Pittsburgers that if he succeeds in putting a club in their city he will give them the following players: Tannehill, Chesbro, Leach, Conroy, Smith, O'Connor and 'Lefty' Davis. It will be remembered that every one of these men was said by the American Leaguers to be the players who would help to make up their proposed New York team. It would not be a very great stretch of imagination to see that Johnson's talk of putting a team in New York is unfounded, and that now, seeing his inability to put a club here, he has promised ell the players he has under contract to go to Pittsburg. The placing of a team in that city is more likely than locating one here.
